For the purposes of this copyright and license, “Info-ZIP” is defined as the following set of individuals:

Mark Adler, John Bush, Karl Davis, Harald Denker, Jean-Michel Dubois, Jean-loup Gailly, Hunter Goatley, Ed Gordon, Ian Gorman, Chris Herborth, Dirk Haase, Greg Hartwig, Robert Heath, Jonathan Hudson, Paul Kienitz, David Kirschbaum, Johnny Lee, Onno van der Linden, Igor Mandrichenko, Steve P. Miller, Sergio Monesi, Keith Owens, George Petrov, Greg Roelofs, Kai Uwe Rommel, Steve Salisbury, Dave Smith, Steven M. Schweda, Christian Spieler, Cosmin Truta, Antoine Verheijen, Paul von Behren, Rich Wales, Mike White.

This software is provided “as is,” without warranty of any kind, express or implied. In no event shall Info-ZIP or its contributors be held liable for any direct, indirect, incidental, special or consequential damages arising out of the use of or inability to use this software.

Permission is granted to anyone to use this software for any purpose, including commercial applications, and to alter it and redistribute it freely, subject to the above disclaimer and the following restrictions:

1. Redistributions of source code (in whole or in part) must retain the above copyright notice, definition, disclaimer, and this list of conditions.
2. Redistributions in binary form (compiled executables and libraries) must reproduce the above copyright notice, definition, disclaimer, and this list of conditions in documentation and/or other materials provided with the distribution. The sole exception to this condition is redistribution of a standard

UnZipSFX binary (including SFXWiz) as part of a self-extracting archive; that is permitted without inclusion of this license, as long as the normal SFX banner has not been removed from the binary or disabled.

3. Altered versions--including, but not limited to, ports to new operating systems, existing ports with new graphical interfaces, versions with modified or added functionality, and dynamic, shared, or static library versions not from Info-ZIP--must be plainly marked as such and must not be misrepresented as being the original source or, if binaries, compiled from the original source. Such altered versions also must not be misrepresented as being Info-ZIP releases--including, but not limited to, labeling of the altered versions with the names "Info-ZIP" (or any variation thereof, including, but not limited to, different capitalizations), "Pocket UnZip," "WiZ" or "MacZip" without the explicit permission of Info-ZIP. Such altered versions are further prohibited from misrepresentative use of the Zip-Bugs or Info-ZIP e-mail addresses or the Info-ZIP URL(s), such as to imply Info-ZIP will provide support for the altered versions.
4. Info-ZIP retains the right to use the names "Info-ZIP," "Zip," "UnZip," "UnZipSFX," "WiZ," "Pocket UnZip," "Pocket Zip," and "MacZip" for its own source and binary releases.

The Language covers the three steps of the assessment process: an OVAL System Characteristics schema for representing system information, an OVAL Definition schema for expressing a specific machine state, and an OVAL Results schema for reporting the results of an assessment.

OVAL Content is content written in the OVAL Language. All content written in the OVAL Language is considered OVAL Content.

The OVAL Repository is a collection of OVAL Content hosted by The MITRE Corporation. It is the central meeting place for the OVAL Community to discuss, analyze, store, and disseminate OVAL Definitions. Each definition in the OVAL Repository determines whether a specified software vulnerability, configuration issue, program, or patch is present on a system.

The MITRE Corporation (MITRE) hereby grants you a non-exclusive, royalty-free license to use OVAL for research, development, and commercial purposes. Any copy you make for such purposes is authorized provided that you reproduce MITRE's copyright designation and this license in any such copy.

The OVAL Language is the copyrighted work of MITRE. No ownership or other proprietary interest in the OVAL Language is granted to you other than what is granted in this license.

OVAL Content, whether already in the OVAL Repository hosted by MITRE or developed by you and sent to MITRE via the discussion forums or any other means to be deposited into the OVAL Repository, is fully available for public use free of charge. In addition, to the extent that contributed OVAL Content involves pre-existing copyrighted works, you hereby grant to MITRE an irrevocable, worldwide, royalty-free, non-exclusive, license, for the duration of the copyright, to do the following:

- a. to reproduce such OVAL Content, either alone or as part of a collective work;
- b. to translate, adapt, alter, transform, modify, or arrange such OVAL Content, thereby creating derivative works (“Derivative Works”); and
- c. to distribute, display, or communicate copies of such OVAL Content to the public free of charge.

MITRE IS PROVIDING OVAL “AS IS” AND MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO THE ACCURACY, CAPABILITY, EFFICIENCY, MERCHANTABILITY, OR FUNCTIONING OF OVAL. IN NO EVENT WILL MITRE BE LIABLE FOR ANY GENERAL, CONSEQUENTIAL, INDIRECT, INCIDENTAL, EXEMPLARY, OR SPECIAL DAMAGES, RELATED TO OVAL OR ANY DERIVATIVE THEREOF, WHETHER SUCH CLAIM IS BASED ON WARRANTY, CONTRACT, OR TORT, EVEN IF MITRE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

You accept this OVAL License on the condition that you indemnify, defend, and hold harmless MITRE, its Board of Trustees, officers, agents, and employees, from any and all liability or damages to third parties, including attorneys’ fees, court costs, and other related costs and expenses, to the extent arising out of your use of OVAL that is not in accordance with the terms and conditions of this License and your contribution of OVAL Content to the OVAL Repository hosted by MITRE irrespective of the cause of said liability.

You understand that any export of the OVAL Language, OVAL Content, or OVAL Repository may require an export license and you assume full responsibility for obtaining such license.

This License shall be construed, governed, interpreted and applied in accordance with the laws of the Commonwealth of Virginia without regard to Virginia conflict of law rules and you agree to submit to the exclusive jurisdiction of the Virginia courts.
